## DESCRIPTION

Upon successful completion of the three-day live sessions, you will have the chance to complete a sustainability plan that will qualify you for earning the globally recognized Sustainability ESG Certification. To be eligible for certification, participants must attend at least 60% of the Live Sessions via zoom platform. Within 15 business days you will send your assignment via e-mail to the training department for review and evaluation.

Two weeks after you submit your assignment, you will get your first Certification (Certified Sustainability ESG Practitioner) and the respective Seal. (Under the condition that your Assignment submission is successful)

After your registration to the "Dual Certification", you will also be given your login credentials to access the Certified Online (Recorded & Self-Paced) Course of your choice to start your specialization. Once you complete the course, along with the final quiz and assignment, you will receive your second Certification and a badge.

You may start the Certified Online Course anytime, however, we strongly suggest to get started after the completion of the three-days live course and/or the submission of the assignment.

**IMPORTANT NOTES AND  
ATTENDANCE CONDITIONS  
FOR ACHIEVING  
DUAL CERTIFICATION**

You will be given three months (from the first day of the Certified Sustainability-ESG Practitioner Course) to complete the Certified Online Course of your choosing (2nd Certificate of Specialization) and to obtain certification after the successful completion of the exam process.

If you do not pass one of the two certification processes, you have the opportunity to repeat the certification process three months afterwards with an additional fee of \$350 USD.

If you are unable to complete the Dual Certification process within the specified time limits, an extra fee will be applied.
