Our success stories..

LitPark

Thrilled to be a part of this association and bring to life here in Canada the significant education programs that CSE offers to C-Suite executives and sustainability managers across the country.

Also bringing to life significant projects that are important in Canadian business today such as understanding material risks or stakeholder engagement or being able to better report on the sustainability issues of our organizations. So great to be part of CSE.

Karen Malone, Founder & CEO

Our success stories..

It has been a privilege to hold Certified Sustainability (ESG) Practitioner Program for Malaysia. In Malaysia, due to the many newcomers in sustainability arena especially in ESG, this is a great opportunity for them to enhance their sustainability skills that can help in their career development.

By participating in this program, it has opened their eyes and they are more confident to talk about sustainability to the management and community. We know that we are on a right track to help and support them.
