Importance Notes and Course Attendance Conditions for Achieving Dual Certification

- You will have a 3-month window starting from the first day of the Certified Sustainability - ESG Practitioner Course to successfully complete the Certified Online Course of your choice (2nd Certificate of Specialization). Upon successful completion of both courses, you will be eligible for Dual Certification.
- If you do not pass one of the two certification processes, you may have the opportunity to retake the certification process three months later, subject to an additional fee of \$350 USD.
- Failure to complete the Dual Certification process within the specified time frame will result in the application of an additional fee.
